

As we begin the new NAHU fiscal year, we want to share a HUPAC update with you. This past NAHU year was a very successful year for HUPAC. From July 1, 2014, to June 30, 2015, HUPAC raised \$648,836, an increase of 3.7% from the prior year. The dedication and passion our members have demonstrated for our profession remains strong, but we can do better! With just over 9% of NAHU members contributing to HUPAC over the last year there is still much more opportunity to grow. We need to head into the election year, as strong as ever. It's as easy as contributing the cost of two Starbuck lattes a month to get involved and make a meaningful impact to your PAC. Simply [click here](#) to sign up and begin your \$10 monthly contribution to HUPAC. The link takes you directly to your account page where there is no need to log in.

HUPAC is opening doors every day for NAHU members and staff to fight for critical legislative priorities that will help ensure our free market health care system remains one where agents and brokers can thrive. NAHU continues to fight against those who seek to eliminate the employer exclusion for health insurance. NAHU is also fighting for repeal of the Cadillac tax, another crippling threat to the employer-based system that has proven critical to millions of Americans. These are just two of the many reasons we are asking for [your support](#) of HUPAC today. Your PAC contributions create the opportunities for conversations that garner support for NAHU legislative priorities. NAHU values and goals are not only advanced through public battles, they are advanced by our behind the scenes strategic discussions with congressional leaders.

Those who support HUPAC are its strength and “the faces of HUPAC.” To honor the trust of our PAC supporters, the HUPAC Board of Trustees is diligent to strategically support candidates and members of Congress who will champion the role of the agent and broker. Now more than ever we need the support of committed members like [you](#).

Thank you for all you do,

A handwritten signature in black ink, reading "Eugene A. Starks". The signature is fluid and cursive, with a long horizontal stroke at the end.
